ABSTRACT

The abstract should outline how the work will be presented (e.g. presentation, screening, exhibited at venue, etc) and summarize the content of the research in less than 400 words. This A4 template should be used, and the margins, font type and size should be maintained. This will enable us to maintain uniformity in the final printed Proceedings. Do not use references, formulae or equations in the abstract.

EXAMPLES OF WORK

Examples of work can be provided in a range of formats, for example, jpeg, MP3, .MOV, DVD, CD, URL, catalogues or books (indicate the relevant parts). Electronic submissions must be PC compatible. All material should be clearly labelled (First-Name Middle-Initial Last-Name University Department, University Name City, Country) and provide contextualizing information (title, date, medium). Please include a Stamped Self-addressed Envelope, if you want your examples of work returned.
