

## Technical Requirements for the presentation of Practice-Based work at 2<sup>nd</sup> WIRAD Symposium for Emerging Art & Design Researchers

Please include a completed list of anticipated technical requirements for the presentation of practice-based work. All reasonable effort will be made to ensure that work is professionally presented, but please take into account the following:

1. This is an opportunity to present practice-based research to an academic audience, but unfortunately, a formal exhibition will not accompany the symposium and display restrictions may apply.
2. If work needs to be transported to the conference venue, this should include an outline of travel arrangements
3. Delegates will be responsible for the set up, display and security of their own work. We are unable to accept liability of any theft or damage of work.
4. Practical work can be set up from Wednesday 28<sup>th</sup> March 2012 (pm)

The deadline for submitting a summary of anticipated technical requirements is to [Debbie Savage \(dsavage@cardiffmet.ac.uk\)](mailto:dsavage@cardiffmet.ac.uk) Friday 10 February 2012.
